SIAM Conference on CONTROL & its APPLICATIONS
July 6-10, 2009

Sheraton Denver Downtown Hotel
Denver, Colorado
General Information

The exhibit hall at the 2009 SIAM Annual Meeting will be open Monday, July 6, through Thursday, July 9. This meeting is a gathering of applied and industrial mathematicians, computer scientists, engineers, and statisticians from a variety of fields. This meeting provides a forum for attendees to exchange ideas, expand their network, and discuss the latest trends in the mathematical sciences community. We anticipate an attendance of 850–1200.

How will the 2009 SIAM Annual Meeting be Promoted?

Call for Papers
A call for papers is sent to more than 18,000 individuals, including all SIAM members plus members of related societies. The call for papers is posted on the SIAM website at www.siam.org/meetings.

The meetings are advertised in SIAM News and other trade publications and conference calendar listings.

A poster promoting the meetings was mailed in July 2008 to approximately 15,000 people and locations, including all SIAM members, academic institutions, federal government agencies, industrial research organizations, and relevant departmental chairpersons.

The program information will be posted on the web at siam.org/meetings and promoted in SIAM News, on postcards, and via other media.

Promotional Opportunities for Exhibitors

Invite your preferred clients and potential customers to visit you at the show. Up to five passes, valued at $50 each, are available to exhibitors at no charge. The passes allow entry to the exhibit and coffee hall only. Admission to technical sessions requires full registration.

Increase your organization’s presence at the SIAM meeting by taking advantage of a sponsorship opportunity. You can provide food, entertainment, a great location for an event, or even needed essentials, like registration bags or internet access! You will be recognized in the program and on signs throughout the meeting for your generosity and support of the meeting and the applied and computational mathematics community. A sponsorship contract is enclosed and is also available online at www.siam.org/meetings/pdf/sponsor09.pdf. For details about specific events please contact Kristin O’Neill (oneill@siam.org) via e-mail.

Exhibit Hall Traffic Builders

Coffee will be served daily Monday through Thursday. Coffee will be available only in the exhibit hall on days the hall is open. Exhibitors are encouraged to give away premiums to increase traffic at their booth.

Service Information

Elite Exposition & Event Services is the designated official drayage handler and general service contractor for this joint meeting. Your contact for the SIAM meeting is Bill Spadi, National Sales Director. Once you have signed your contract with SIAM, Elite Exposition & Event Services will send you a service kit with contact information and the name of someone who will handle all your questions. Elite Exposition & Event Services will set up the exhibit floor and will help individual exhibitors set-up and dismantle their exhibits. (See back of this kit for exhibit set-up, move-in, and dismantle hours).
Booth Rental

Booth rental includes:

- 8’ high background and 3’ high side dividers.
- One 6’ by 30” display table; two side chairs; one 7” x 44” booth identification sign consisting of name and booth number; one waste basket.
- Free listing in the final meeting program (provided SIAM receives your information by May 15, 2009).
- One copy of the final meeting program per booth.
- Three complimentary exhibitor staff badges per booth.
- A maximum of five free visitor passes for the exhibit area only; these passes may be used for customers or prospects that you invite to the show.

Space Allocation

Booths will be assigned on a first-come, first-served basis, determined by the date the contract and payment are received. Prior exhibition at SIAM events will also be considered. If the booth(s) of your choice has already been assigned, you will be given the nearest booth available. The final deadline for receipt of contract and payment for booth space is June 8, 2009.

Cancellations

A full refund of monies paid to SIAM will be returned to the exhibitor if written notice of cancellation is received 60 or more days prior to the meeting. If such cancellation is received between 30 and 59 days, 50% of all monies paid to SIAM by the exhibitor will be returned. If such cancellation is received 29 or fewer days prior to the meeting, SIAM will not return any monies paid by the exhibitor to SIAM.

Hotel Accommodations—Reserve Early!

SIAM’s 2009 Annual Meeting and the SIAM Conference on Control and Its Applications will be held at the Sheraton Denver Hotel in Denver, Colorado.

With room rates at $179 per night, this is a good bargain for all SIAM meeting attendees. The rate will be offered three days before and three days after the official conference dates (July 6–9 2009), based on availability, to accommodate those wishing to spend extra time in the area. Don’t forget to say you are with the SIAM conference to get the $179 conference rate.

Room reservations are the responsibility of each participant and should be made by calling the hotel directly or by using the “online reservations” hyperlinks on SIAM’s website. The cut-off date for making hotel reservations is June 8. Accommodations after that date will most likely be difficult to obtain due to three SIAM meetings being held concurrently. We strongly suggest that you make your reservations early.

About SIAM

The Society for Industrial and Applied Mathematics was founded in 1952 to further the application of mathematics to science and industry, to promote basic mathematical research leading to new methods and techniques useful to industry and science, and to provide media for the exchange of information and ideas between mathematicians and other technical and scientific personnel.

SIAM conferences are centered around specific applications of mathematics. Topics include: dynamical systems, linear algebra, optimization, simulation, parallel processing, geometric design, and others. Every SIAM conference provides exhibitors with an opportunity to display their materials on tabletops. The annual meeting is currently the only meeting to include a traditional exhibit hall with booths.

Each issue of SIAM News contains articles and information, a calendar of events, professional opportunity ads, and much more. Other vehicles available for advertising are SIAM’s 14 journals (12 print, 2 online) and the final programs for each SIAM conference.
