General Information
The exhibit hall at the 2016 SIAM Annual Meeting will be open Monday, July 11, through Thursday, July 14. This meeting is a gathering of applied and industrial mathematicians, computer scientists, engineers, and statisticians from a variety of fields. This meeting provides a forum for attendees to exchange ideas, expand their network, and discuss the latest trends in the mathematical sciences community. We anticipate an attendance of between 1000–1300.

How will the 2016 SIAM Annual Meeting be Promoted?
A call for papers is sent to more than 18,000 individuals, including all SIAM members plus members of related societies. The call for papers is posted on the SIAM website at www.siam.org/meetings.

Space Advertising
The meetings are advertised in SIAM News and other trade publications and conference calendar listings and via e-mail and through e-letter to SIAM members.

Poster Program
A poster promoting the meetings was mailed in October 2015 to more than 15,000 people and locations, including all SIAM members, academic institutions, federal government agencies, industrial research organizations, and relevant departmental chairpersons.

Program Information
The program information will be posted on the web at siam.org/meetings and promoted in SIAM News and SIAM Connect, on postcards, and social media.

Promotional Opportunities for Exhibitors
Complimentary visitor passes
Invite your preferred clients and potential customers to visit you at the show. Two passes, valued at $50 each, are available to exhibitors at no charge. The passes allow entry to the exhibit and coffee hall only. Admission to technical sessions requires full registration.

Sponsorship of refreshment breaks and/or receptions
Increase your organization’s presence at the SIAM meeting by taking advantage of a sponsorship opportunity. You can provide food, entertainment, a great location for an event, or even needed essentials, like registration bags or internet access! You will be recognized in the program and on signs throughout the meeting for your generosity and support of the meeting and the applied and computational mathematics community. A sponsorship contract is enclosed and is also available online at www.siam.org/meetings/pdf/sponsor16.pdf. For details about specific events please contact marketing@siam.org via e-mail.

SIAM News or SIAM News ONLINE
There are myriad supporting marketing opportunities that can create or enhance your existing presence. Consider placing an ad in SIAM News or on SIAM News ONLINE, sponsoring an issue of Unwrapped (SIAM’s e-newsletter), placing an ad in the final program, registration inserts in conference registration packets, or renting the technical attendee list. Any of these opportunities would help to get your organization in front of the SIAM community.

Digital Products
Placing an ad in SIAM News print format is one of the most effective ways to reach SIAM members. The print issue is widely read by SIAM members and highly anticipated by its audience. SIAM News ONLINE was recently launched in 2015 and is the newest SIAM product. Placing a banner ad in SIAM News ONLINE is another great way capture the SIAM audience. SIAM Unwrapped is a monthly e-newsletter transmitted to all SIAM members—individuals, corporate, and academic institutions. SIAM Unwrapped features relevant information and announcements for the SIAM community.

Print Products Mailing List
Conference program ads are also another effective way to engage the attendees. The inserts in registration packets will be handed out on-site to all meeting registrants. This opportunity puts your product directly in the hands of each attendee. Continue engaging the attendees of the meeting by renting the attendee list. The rental rate is $150/M for a one time use. E-mail addresses are not available for use.

All of these opportunities can be accessed at: http://www.siam.org/advertising/

About SIAM

The Society for Industrial and Applied Mathematics was founded in 1952 to further the application of mathematics to science and industry, to promote basic mathematical research leading to new methods and techniques useful to industry and science, and to provide media for the exchange of information and ideas between mathematicians and other technical and scientific personnel.

SIAM conferences are centered around specific applications of mathematics. Topics include: dynamical systems, linear algebra, optimization, simulation, parallel processing, geometric design, and others. Every SIAM conference provides exhibitors with an opportunity to display their materials on tabletops. The annual meeting is currently the only meeting to include a traditional exhibit hall with booths.

Each issue of SIAM News contains articles and information, a calendar of events, professional opportunity ads, and much more. Other vehicles available for advertising are SIAM News, SIAM News Online, SIAM Unwrapped and the conference programs for each SIAM conference.

Booth prices are:

- $1435 for the first 8’ x 10’ booth
- $1375 for the second 8’ x 10’ booth
- $1275 for any additional booth(s)

To ensure your booth space and preference in location, return the enclosed contract with payment on or before June 13, 2016.

Full refunds are paid 60 or more days prior to the conference.
