

COPYRIGHT TRANSFER AGREEMENT

In order for SIAM to include your paper in the SIAM International Conference on Data Mining (SDM22) proceedings, the following Copyright Transfer Agreement must be completed during the final paper upload process.

Title of Paper:

Paper ID Number:

Copyright to this paper is hereby irrevocably assigned to SIAM for publication in the following conference proceedings:

SIAM International Conference on Data Mining (SDM22)

April 28 – 30, 2022

SIAM has sole use for distribution in all forms and media, such as microfilm and anthologies, except that the author(s) or, in the case of a "work made for hire," the employer will retain:

The right to use all or part of the content of the paper in future works of the author(s), including the author's teaching, technical collaborations, conference presentations, lectures, other scholarly works and professional activities, or any other activity falling under the fair use provisions of the U.S. Copyright Act. If the copyright is granted to SIAM, then proper notice of SIAM's copyright should be provided.

The right to post the final draft of the paper on noncommercial pre-print servers such as arXiv.org.

The right to post the final version of the paper on the author's personal web site and on the web server of the author's institution, provided proper notice of SIAM's copyright is included and no separate or additional fees are collected for access to or distribution of the paper.

The right to refuse permission to third parties to republish all or part of the paper or translation thereof.

It is affirmed neither this paper nor portions of it have been published elsewhere and a copyright transfer agreement has not been signed permitting the publication of a similar paper in a journal or elsewhere. For multi-author works, the signing author agrees to notify all co-authors of his/her action.

Transfer of Copyright to the Publisher

SIAM strongly recommends this option. This transfer of copyright provides SIAM the legal basis not only to publish and to distribute the work, but also to pursue infringements of copyright (such as plagiarism and other forms of unauthorized use) and to grant permissions for the legitimate uses of the work by third parties. This option should not be selected if the work was prepared by a government office or employee as part of his or her official duties.

The Author hereby irrevocably assigns, conveys and transfers the copyright to the Work to SIAM. SIAM shall have sole rights of distribution and/or publication of the work in all forms and media, throughout the world, except for those rights given to the Author above.

The Author DOES NOT assign, convey and transfer the copyright to the Work to SIAM. Please list in whose name the copyright should appear here:

Alternate Copyright

If you do not select either of the options above, an alternate copyright is required. Check below to submit an alternate copyright. Send proposed text for the alternate copyright, with a copy of this completed form as a single document, to hartz@siam.org. Use the subject line "SIAM – ACDA21 – Alternate Copyright – *LAST NAME*."
