

Dear SIAM Community,

I've just returned from an inspiring Board of Trustees meeting at SIAM headquarters. Thanks to our fantastic staff, volunteers, and all of you, the SIAM community remained strong in 2021. Our virtual conferences, publications, student chapters, and sections kept us all going.

I hope that SIAM played an important role in your life this year – by providing you with resources and support to advance your work and move your career forward, creating opportunities to meet new colleagues and collaborators, or by providing you with new knowledge and insights through its many publications.

Whichever ways SIAM impacted you this year, I'd like to invite you to **join me and my fellow Board members in giving back** by [making a donation](#). Any amount is welcome. To make your dollar work harder for SIAM, we on the Board will match every donation that comes in between now and January 1st, up to \$8,000. We hope that this helps us reach our year-end campaign goal of \$35,000.

Donate Now

Our gifts enable our young colleagues to attend SIAM conferences (in-person or virtually) through travel grants and registration waivers. They also support our continued investment in career and leadership development through our publications, the SIAM Job Board, our student chapters, career fairs, the Engage online community, and numerous conferences, webinars, and panels.

We have much to look forward to in 2022! Please make your donation and take advantage of the Board matching today.

With thanks and my best wishes for 2022,

Margot Gerritsen
Chair, SIAM Board of Trustees

P.S. If you already donated to SIAM this year, know that we appreciate your support – **thank you!**
