SIAM Journal on NUMERICAL ANALYSIS

Developing and Analyzing Numerical Methods

Editor-in-Chief
Angela Kunothe
Universität zu Köln

Publishes research articles on the development and analysis of numerical methods. Topics include the rigorous study of convergence of algorithms, their accuracy, their stability, and their computational complexity. Also included are results in mathematical analysis that contribute to algorithm analysis, and computational results that demonstrate algorithm behavior and applicability.

SINUM is published article by article at epubs.siam.org/sinum

ISSN: 0036-1429 (print) /1095-7170 (electronic)
Frequency: electronically published continuously
Year established: 1964
Formats: electronic and print
2019 volume number: 57
2019 rates: electronic only \$988 / print add-on \$164
